EASTFORD SCHOOL DISTRICT
Eastford, Connecticut

Position Description: Tutor (English Language Arts and/or Math)
                              Provides Tier 2 and/or Tier 3 interventions in Math and/or English
                              Language Arts.
                              Provides student support to facilitate flexible groupings for instruction

Desired Qualifications: Bachelor's Degree
                              Teaching certification
                              Organizational Skills

Reports to: School Principal
                              SAT/RTI Facilitator
                              Classroom Teachers

General Description: The Tutor follows through on student instructional plans designed by math,
                              reading and writing teachers

Performance Responsibilities:

1. Provides direct services to students as determined by math and English language arts teachers.
2. Administers individual probes or assessments to students, as directed by math and English language arts teachers.
3. Communicates regularly with language arts and/or math teachers to review progress of students.
4. Communicates regularly with the SAT/RTI Facilitator to discuss the scientific research-based programs that are being used and systems for data collection.
5. Manages equipment necessary for providing services to students and inputs data into electronic systems.
6. Promotes the tenets of data-driven decision-making.
7. Performs any pertinent duties as assigned by the principal.
