### Interscholastic Athletics

Approval must be granted by the Eastford Board of Education for all interscholastic athletic programs.

Within budgetary limitations, there shall be interscholastic athletic programs at the middle school level, which shall be conducted in accordance with QVJC (Quinebaug Valley Junior Conference) rules and regulations.

Appropriately certified and qualified personnel shall be selected for coaching and supervisory positions. Voluntary student participation requires:

1. appropriate academic standing;
2. parental permission;
3. medical clearance to participate;
4. valid and appropriate school sports insurance coverage;
5. appropriate student behavior and conduct;
6. student eligibility under QVJC regulations.

Good sportsmanship and good mental and physical health shall be the primary components of extra curricular athletic programs.

Parents whose children attend local public schools which do not offer these activities may request that their child(ren) participate in interscholastic sports in accordance with all Board of Education regulations. Such requests shall be made by parents/guardians to the Eastford Board of Education prior to registration for the athletic season. Such participation, *if granted*, shall not have the effect of excluding Eastford Elementary School students from participation.

(cf. 5116 Suspension/Expulsion/Removal)

(cf. 5142 Student Health Services)

(cf. 6148 Extra-Class Activities)
