

Transportation Committee Meeting
November 9, 2023
Minutes

1. S. Bowen called the meeting to order at 5:19 PM.
Present: S. Bowen (chair), A. Minor, D. Leake (Superintendent), S. Kopetz (Eastconn transportation)
2. S. Kopetz presented the current “return home” high school routes with and without the additional van that is being used to transport some of the WA students to their homes. Without the van, one of the buses would not be back until after 3:55 PM to pick up our elementary students.
3. The rate for the additional van is \$85 per day.
4. S. Bowen and A. Minor reviewed the routes and acknowledged that this year we have students close to each of the border towns.
5. The committee will review the routes for possible changes that could eliminate the van, but at this time did not feel that they would find an alternative.
6. D. Leake and S. Kopetz will communicate regularly regarding any possible student updates that could change the route.
7. S. Bowen adjourned the meeting at 5:45 PM.
